Derek,
Thank you for providing me this great visual of the radiological rework schedule.

I apologize for being so delayed providing you with an overview of what I am presenting. I will be presenting a very brief overview of the Superfund program, EPA's role on federal facilities, and our current oversight activities for HPNS. I will also have some Q and A slides ready to go on the Superfund risk assessment and EPA's PRG Calculator.

I have also attached an email I sent earlier this month. I don't know if you received it, with all the email issues the Navy has been through in August.

Yolanda Anita Sanchez, MS, MPA

Hi Yolanda,

Attached is the schedule I am sharing. I'm glad Wayne was able to give you a summary of what I am presenting on. Can you share with me the outline of your presentation?

Best Regards,

Derek J. Robinson, PE
